UNITED STATES DISTRICT COURT-IN DANKRUPTCY. The Metropolitan Hotel. Before Juage Blatchford.

In the Matter of Messes, Leland, Involuntary micrupte. - In this case there had been an adjudicaffon of bankruptcy against Mesers. Leland, late

caffor of bankrupley against Messes. Leland, late proprietors of the Metropolitan Hotel. The property in the establishment has, under an order of the Court, been turned over to the Marshat as messenger.

Yesterday Mr. Dennis McMahon, counsel for the petucining creditors, moved that the furniture in the hotel, which, he said, was of a very valuable character, should be sold by auction in the hotel by an anctioneer to be appointed by the Court. Counsel trounded his motion on the fact, as he explained it, that if the furniture half to be removed from the hotel or said it would be considerably injured the if sold in its present location much of it. The argument in the Boston, Hariford and Eric Railway bankruptey case was adjourned for two we ke on the motion of Mr. Joseph Choate, counsel for one of the petitioning creditors. The matter has come before the court on a petition for review of certain proceedings that have taken place in other districts in which the company have been adjudicated bankrupts. The ratroad company made no objection to the adjournment.

. UNITED STATES COMMISSIONERS' COURT. Captain Grindle, of the Old Colony, Arrested

in Two Civil Sults.
In the Henaun of yesterday was announced the on a writissued by Judge Blatchford, in the bound States Circuit Court, in a suit instituted against the Captain by Ramon Rau on the civil side of the

States Chemit Court, in a suit instituted against the Captain by Ramon Rau on the civil side of the court. Rau seeks to recover \$10,000 from the Captain for having indicted personal injuries upon him on board the ship named. Yesterday Grindle was brought better Commissioner John A. Shelds and careerd into ball in the soun of \$10,000 for appear as defendant in this action. Ins bondsman being E. E. Fabri, a ship owner of South street, and residing at 26 East limity-third street.

Letter in the day another writt at the sout of Reu was issued from the same court against thekaptain. Rau, as in the other matter, claims \$10,000 from the Captain for raise and matherous imprisonment and for having preferred against him a faise charge before a United States Commissioner. Grindle appeared and gave the same amount of ball as in the first case, with the same person as bondsman. It will be remembered that the detendant was tried at a recent term of the Orient Court for having revely it treated Ramon Rau and Franco Frank, two of his crew on board the Old Colony, While on a voyage from Valentia and Cadiz to New York. The jury loued the captain "guilty of cruelity," but as that was not an offence within the meaning of the United States law, has verdet was converted into one of "not guilty," and Grindle, therefore, went "seed fee." The present civil suits Rave arisen out of that transaction. The late arrest of Grindle was deverly made by Deputy Marshai Kelne, on board ship, as the Captain was just on the point of statting on a voyage. Messes, Webster and Crang are conducting the suits for Rau, at the firstance of the Spanish Consul, the plaintiff being a Spanish subject.

SUPREME COURT-GIRCUIT-PART I.

Colored Tenants Have Some Rights that Marsha's and Landfords are Bound to Re-

George W. B. Wilson vs. Joseph Sylicere and John J. Kehoe .- This action was brought for an alleged maticious and unfunety dispossess. It appears that Wilson, who is an aged and respectable colored man, hired the third floor of the premises 56 East Houston street, this city, from the defendant, Sylwere, who is also a member of the colored persuawere, who is also a member of the colored persua-don, and as they did not harmonize on the premi-ses. Sylwere obtained a warrant to dispossess him, and employed the defendant Keboc, who was one of the city marshais (not Keboc the celebrated king of circles), to execute the warrant. Wilson and his witnesses testified that he was dispossessed on the 12th of December, during the previsionee of a terrible snow storm and severe frost; that the Mar-sinal and his assistants bandled his furniture in such properly on the sidewalk, in front of the premises, before he secured a suitable piece to remove it to, and brought this action to recover damages therefor. The defendants and their witnesses testined that the weather was pleasant when they came to remove the goods, denied that they used any violence or damaged the furtherm any way, and claimed that they were justified by the Court in removing it, with regard to the condition of the weather. Considerable merrimant was indulged in during the examination of Mr. Nash, a ponderous member of the bar, who testing on behalf of the planting and the court officers had considerable difficulty in preserving order. In charging the jury the Judge held that the defendants were not label for damages caused by the inchemency of the weather, but if they found that the defendants acted maliciously and unaccess. surily damaged the property they were liable as tress-passers for the full amount of the planning a damages, After a short constitution free jury rendered a ver-ciet in favor of the planning for \$75. Mr. Lang-tree appeared for the planning and ex-Judge Van Cott and Mr. Sweeny for the defondants.

CHADWICK GENTENCED.

George W. Ch. adwick Sentenced to Ten Years in the Coniterinry at Hard Labor for Al oring Bonds.

At the last berm of the United States Circuit Court before Judge Woodruff and a jury, George W. Chadwick was convicted of altering a United States Nick was trought up yesterday for sentence on motion of Mr. Noah Davis, United States District Attorney, who said that, as the prisoner had not submitted any attidavits in mitigation of punishment, he (Mr. Davis) would not lay before the Court a number of affidavits of a character adverse to the accused which had been presented to him. Judge Woodraff to the prisoner-Have you any-

thing to say why the sentence of the Court shall not Chadwick-Nothing, except that that bond came

into my possession in a LEGAL AND LEGITIMATE MANNER.

I have given a full and trutuful statement of the facts, though that statement has not come into the hands of the Court. I was brought here without any notice. I then sent two messengers for the only eligible witness I could produce, but he was not found, and the result was my conviction.

THE SENTENCE.
Judge Woodruff-The crime of which you have been conviced is not only in a high degree criminal in its nature, but most dangerous to the community. You stand convicted of an offence in the position of an intermediary, receiving, aftering and dispensing of stoken bonds, whiteout whose help the tired would rarely be able to dispense of his plunder, and without whose aid the motive to wrong and plunder their fellow citizens would be greatly diminished, if not entirely wanting. Your intolligence, demeanor, shrewdness and tact, as shown in the details of this transaction, and by what has been discussed regarding your life and instory, show that when you lent yourself to the commission of tals offence you became one of the most dangerous of men. If I am not wholly misted in the incidents of the trial your capacity, infelligence, good manners and shrewdness enabled you to hay plans with far-seeing skill. You went into the milist of a respectable neighborihood, where well conducted cuttens dwell, and by your deportment in society, by your neighborily intercourse and by your kind attentions to your family, you established a good name that would serve you in the furtherance of your cyl designs, and myoke their protection in the event of danger. You received a four trial. The offence of which you have been found guilty is regarded by the law and by all honest men as hetmous—perhaps as helmous as any that can be named which affects property alone. There has een convicted is not only in a high degree criminal offence of which you have been found guilty is regarded by the law and by all honest men as helmous—perhaps as helmous as any that can be named which affects property; alone. There has been no want of opportunity to bring forward witnesses on your behal, as you appear to suggest. There was abundant time allouded for that purpose. The impression left upon the mind of the Court on the occasion of your trial and now is that your guilt has been made clear, and that the transaction which formed the subject of the trial was an exceedingly well find plan to make use of this stolen property—those altered bonds—so as to avoid detection, and whea the lacts could be disclosed you stand up without excuss and leave no denot of your guilt. After countenting on the absence of affinations on the part of the prisoner to determine the question of the guilt or innocence on which the jury had passed, Judge Woodruff continued;—fusted of these facts there comes up, it is true, a wall from an anguished and affectionate wife;

THE CRY FOR FITY AND FOR MERCY from an intelligent and apparently accomplished ninocen; the silent appeal of helpless, dependent and innocent condition; the hope on the part of your neighbors that the Court will lean to the side of mercy, with such force as almost to move instice from its seat and deprive an injured community of refrees and that protection which the law aims to afford.

THE MINISTER OF JUSTICE

Would be more than human if he could be insensible

reciress and that protection which the law aims to afford.

THE MINISTER OF JUSTICE

Would be more than human if he could be insensible to appeals like these. Yet, no explanation being given, and in the absence of circumstances to influence the Court, no doubt is left as to your guilt, which is deliberate, and which, I fear, is regitted only because of present consequences. The Court is constrained to yield to the demands of justice rather than to the appeals for morey. Would that when you engared yourself in this unholy business considerations for your wife and family and friends indoperated on your mind instead of being reserved to be addressed to mine! The statute imposes as a punishment a fine not exceeding \$5,000 and imprisonment at hard labor not exceeding fifteen years. I find nothing in the review of the case that I think would justify me in making the sentence less than that which I now prenounce: that you be imprisoned for ten years at hard labor and pay a fine of \$1,000, the sentence to be executed in Albany Penitentiary.

The prisoner, who appeared to be much affected, was then removed and taken charge of by the Matshal.

THE ERIE RAILWAY WAR.

Heceivership.
The reference before Mr. Kenneth G. White, the master appointed by the United States Circuit Court to inquire as to the 60,054 shares of Erie stock claimed to belong to Heath and Raphael, the English shareholders, and to be thegally withheld from them by Fisk and the Srie Railway Company, was resumed yesterday afternoon. Mr. Mortimer Smith, assistant secretary of the Eric Railway Company, was further examined. He testified that a number of certaficates, corresponding with the numbers of those issued to the plaintins, and been cancelled. It transpired in the course of the examination that the certificates, from \$0.049 to \$0.055 inclusive, for ten shares each, in the name of J. S. Morgan, were represented in the book only by the study, the certificates not having been pasted on them. The witness accounted for this by saying that the certificates inight have been pasted by mistake into some other book. The examination, which developed nothing beyond an inspection of the certificates and a comparson with the numbers owned by the plaintiffs, stands adjourned to Monday. lish shareholders, and to be thegally withheld from

DRY GOODS MARKET.

There has been a fair movement in the dry good in some departments being the result of the break in prices on the part of certain firms. A leading lionse sold during the week 5,000 cases of Garner's full madder prints at nine cents, a figure lower than was reached before the war. If the profits were in proportion to the amount of goods sold this result would be in the nighest degree satisfactory.

entron goods.
In some styles of cotton goods the market is very ective, the supply not being equal to the demand. In the better qualities of bleached goods the sales are in advance of recents, yet the general tendency saless firm than for the past few weeks, in the medium and low grades there has been a very salistactory movement on account of the large quantities used by the manufacturers of ladies'

nderwear.

Brown sleetings and shirtings are in fair demand.
Jaconets are inquired for to such an extent that
he sales in the more popular grades are largely
thead. Chazed cambries are scarce, with the de-

ahead. Clazed cambries are scarce, with the demand good.

Points have improved in demand, the low figures at which true; are sold preventing any staggation in market. Stocks are becoming reduced, the firmness of prin ing clocks being favorable to thus result.

Lawns improve as the season savances, there being considerable inquiry from jobbers.

The cheaper varieties of doinestic poplins and other domestic dress goods are fairly active. This class of goods becomes more attractive every season, and many desirable styles are shown, at very low prices. Pelants are growing in demand as the season advances. Appacis, colored and black, self-rapidly. English fances are active.

black, self rapidly. Digits fances, colored and black, self rapidly. Digits fances are active.

There is a great demand for light fancy siks of medium grades, and a corresponding scarcity, with framess. Light sinces of solid colors, suffable for ties and scarfs, are very scarce. Hibbons are high, and there is no excess of desirable siyles and colors. The increase in the amount of sik importations over last year is very large, and the ize of the stock on hand will tend to keep brices steady.

WOOLLEN GOODS.

In light weight fancies there is a good demand and quick novement. For heavy functes the demand increases with the advance of the season. There is a surplus of dark styles, with a tendency to weakness, while light colors are in demand at good on account of a general advance in prices.

THE COTTON MOVEMENT. The receipts of cotton at all the ports for the week ending Friday night word 67,543 bales, against 71,744 bales the previous week. The total receipts since september 1, 1870, are 3,3-3,081 bales, against 2,443,056 bales for the corresponding period of the previous year, showing an increase of 930,005 bales in the present crop. The exports from all the ports for the week were 90.461 bales, against 66,193 bales the same week last year. The total exports for the expired portion of the cotion year are 2,370,350 bales, against 1,004,601 bales for the same time last your. The stock at all the ports is 555,208 bales, against 398,611 bales for the same time in 1869-70. THE BANK STATEMENT.

The weekly statement of the associated banks proves very anfavorable, and the relative resources of those institutions are reduced to the lowest figuro-recorded in many years. The customs payments on the continued large imports of the week, and the fact that the return of money from the country was felt only gradually in the nem of legal ten-ders, coupled with the known manipulation of certain speculative pools destrous of buying stocks readily explain a reduction of nearly \$4,800,000 in the legal reserve. At the same time the habilities posits, making the loss of reserve above the legal requirements of the banks \$3,200,220, and bringing their surplus down to \$4,017,544. The banks, how ever, are confident that the retrograde movement of currency from the rural districts will presently relieve their situation, and hence they have tracted the loan account less than a million of doilars. The statement contrasts with its predecessor

MONEY FIVE TO SEVEN PER CENT.
Money was more active, and the brokers, beginning their inquiry at a very early hour in the day, caused so much uneasiness that some borrowers paid seven per cent, gold, in order to make sure of being in fands. The New LOAN.

The additional subscriptions to the new loan, as reported to the Treasury Department to-day, amount to \$496.750, making the total subscription to date \$55,483,750.

GOVERNMENTS LOWER.

The government list was directly affected by lower gold and the flurry in the money market, which led to a gradual yielding in prices, averaging about 14 per cent. The market was steady in the final street dealings at the following quotations:-United States currency sixes, 1147, a 115; do. cixes, 1551, registered, 116% a 116%; do. do., coupon. 116% a 116%; do. five-twenties, registered, May and November, 109 a 109%; do. do., 186%, coupon, do., 112% a 112%; do. do., 1864, do. do., 112% a 112%; do. do., 1865, do. do., 112% a 112%; do. do., registered, January and 111%; do. do., 1867, do. do., 111% a 111%; do. do., 1868 do. do., 111% a 111%; do. ten-forties, registered, 168% a 168%; do. do., coupon, 108% a 168%. STOCKS PEVERISH AND UNSETTLED.

The eager running for money early in the forenoon to-day, and the general anticipation of a bad bank statement started the stock market on a lower prices, which were more particularly noticea-ble in the case of Reading, affected as that stock was region; in Rock Island and in Onio and Mississippi. At the same time Lake Shore was sensitive and fell of to 101%. When money cased up after two o'clock stocks all advanced again to about the opening prices, but, after the bank statement, went own again only to make a final rally at the close. In fact, whenever the cliques, who are trying to buy stocks, stopped their fictitious sales, the market rapidly recovered. LONG ISLAND RAILROAD ENTERPRISE.

There is considerable talk in some of the Long Island towns over the advance in ticket and com-mutation rates on the South Side and Long Island Railroads. They feel so much indignation that a thirf railroad is to be built. A meeting was held in Jamaica yesterday to induce Mr. Stewart to extend his Central Railroad to that place. When the South Side Railroad was projected the peo-ple of Janasca offered to subscribe liberally to the stock and to build a station; but it has not been done, and not a colour's worth of stock is held by a Jamasca man. It is thought Mr. Stewart will not ask pecuniary aid, as he is building an indepen-dent line.

The Rockaway branch of the Long Island Raliroad has been commenced and is to be fluished b. July, Sunday trains will be run during the summer sea-
